

# BRIGHT FUTURE GRAD TOWER

QTY	ITEM	DESCRIPTION
1	97208	28" Helium Saver® Colorful Grad Jumbo
1	97233	38" Grad Bursts
1	5101	5" Standard Latex Assortment (12 needed)
1	11101	11" Standard Latex Assortment (8 needed)
1	18260	260 Traditional Twistee Assortment (2 needed)

## #97233

Air inflate the foil balloon.  
Tie an uninflated 260  
to the tail.

## #97208

Helium inflate the jumbo balloon.  
Roll the neck of the balloon around  
the middle of an uninflated 260 like  
a scroll. Tie the 260 to secure it to the  
balloon then use the loose ends to tie  
the jumbo to the hang tab on the  
top of other balloon.

## #5101

Air inflate two latex balloons to 5" and tie  
together to form a duplet. Repeat to create a  
second duplet. Twist the two duplets together  
to create a four-balloon cluster. Create two  
additional clusters. Slip a cluster between  
each burst in the foil balloon as pictured.

## #11101

Using the steps above air inflate a four-balloon  
cluster to 7" using 11" latex. Create a second  
cluster inflated to 10". Twist the clusters together  
and arrange them so the 7" balloons are on the  
top layer. Use the uninflated 260 attached to the  
tail of the foil balloon to secure the latex base.
