

GOLDEN GRAD BALLOON COLUMN

QTY	ITEM	DESCRIPTION
1	97240	36" Happy Graduation Frame
1	1537	80" Balloon Display Tower
1	11241	11" Onyx Black Latex (18 needed)
1	11249	11" Gold Latex (18 needed)
1	48520	DIY Party Balloon Pump Kit™

#97240

Air inflate the foil balloon using the hand pump from kit #48520. Slide the foil tail through one of the holes in the balloon cup and secure it with clear tape.

#1537

Assemble the rest of the Balloon Display Tower. Fill the base with water to provide stability. Fully extend the pole.

#11241 / #11249

Air inflate two black latex balloons to 10" and tie together to form a duplet. Repeat to create a second duplet using gold latex. Twist the two duplets together to create a four-balloon cluster. Make sure the two colors alternate. Repeat these steps to create eight additional clusters.

Slide the clusters onto the pole. Rotate each cluster 90 degrees to create a spiraling effect. Attach the foil balloon to the top of the pole to finish the column.
